

Music is

# Better Together

How much did you love doing MadLib puzzles in the 90's? The ease of writing a story with so many possible answers! Join in creating a network of quick-access cultural exploratory ideas for the music classroom. Whether you are a leader in your community or an educator looking for inspiration this project is for you.

Do you have a musical idea that should be shared? From elementary to senior high school, jig time to Ehur performance, and Gaelic folk music to Indigenous music connections through dance we want to hear from you. Let's give learners the best opportunities to explore diversity through music.

We need CONTRIBUTORS, EDUCATORS & JURY MEMBERS to suggest musical concepts that will enlighten a well-rounded musical view of the world.

## WHAT IS COMMUNITY?

A community is a group of people living with a feeling of fellowship as a result of sharing common characteristics, attitudes, interests, and goals within a larger society.

Examples of community may include nationality, culture, sexual orientation, geographic location, genre of music, religion etc.

1

### CONTRIBUTORS

These individuals seek opportunities to showcase, explore and inform others about their culture through lesson ideas, collaboration and experiences. They benefit by enlightening others, bringing light to important cultural concepts and school based collaborations.

### EDUCATORS

These are individuals who mentor youth and seek to expand their own understanding. They benefit through quick access & vetted materials and community collaborations.

2

3

### LEARNERS

These are the hidden target audience and benefit from authentically sourced experiences and learning.

### IMPACT

Collaboration between classrooms and local leaders validates a learners connection to their own communities and strengthens social awareness.
